Re: New Jersey DDD and DOE Agency- Eligible for COVID-19 Vaccine

To Whom It May Concern,

This notice is to confirm that Pillar Care Continuum (formerly Cerebral Palsy of North Jersey) is an essential business operated, certified, authorized, and funded by the New Jersey Division of Developmental Disabilities and the New Jersey Department of Education and as such its staff members are healthcare workers and qualify for the New Jersey State COVID-19 vaccine.

We operate 17 group homes for adults with severe disabilities and medical challenges as well as two schools serving students with multiple disabilities and medical challenges, and an early intervention program and In-Home Supports program that work directly with our clients in the community. Our programs support people with significant underlying medical conditions which place them at significant risk to poor outcomes if they were to contract the Coronavirus.

Should you have any questions regarding this notice please call me at (973) 763-9900, ext. 1801.

Sincerely,

Susan Antonellis
